*****MEDIA ADVISORY*****

DEMONSTRATION OF 3-DIMENSIONAL PRINTING

****FREE WORKSHOP JULY 1****

WHAT: Reno Makerspace presents a new tool to make the imagination blossom. Printing is no longer flat. Participants watch as 2-dimensional printing evolves before their very eyes while 3-dimensional art is created with a desktop printer. 3-D printers work by printing a series of cross-sections: each layer prints one on top of the other to create the 3-D object. All ages are welcome to attend – family friendly. Free.

WHEN: Friday, July 1, 12PM-2PM

WHERE: Grassroots Books, 660 E. Grove St., Reno, NV

WHY: “Demonstration of 3-Dimensional Printing” is part of the 16th annual Artown festival, July 2011. The month-long summer arts festival features more than 400 events produced by more than 100 cultural organizations and businesses in locations citywide, with major funding provided by the City of Reno.

MEDIA: Call or text Zoe Miller at 848-8781, or call C-L Gaudio at 828-2665
